## **Landscape Installer** **~Entry Level~**

This is a full time or part time, hourly, seasonal position that requires the talent to work as a team member. The ability to follow instructions is essential to learning and performing the skills needed for this position. Landscape Installers are under the direct supervision of the Crew Leader or Landscape Foreman. Tasks additional to the ones listed here may be required as directed by a crew leader or foreman, or as dictated by the job. A person in this position may quickly advance to Landscape Technician.

- Reports to work on schedule as requested, including some weekends.
- Learns the efficient, safe use of basic hand and power tools needed on landscape planting and construction installations.
- Installs plants and materials according to plan or as instructed.
- Able to lift 50 lbs. And carry it 100 yards.
- Follows instructions from Crew Leader or Landscape Foreman.
- Works well as a productive team member.
- Cleans out trucks on a daily basis, disposing of garbage and recycleables in the appropriate containers.
- Loads and unloads trucks for landscape jobs in a safe manner, as instructed.
- Reports any problems or questions to the Crew Leader or Landscape Foreman.
- Handles tools and plant materials properly and with care.
- Acts as ground guide when others are backing vehicles or motorized equipment.
- Cleans up site at end of day or when instructed.
- Checks with Crew Leader or Landscape Foreman before clocking out for the day.
